Indeed, initially at least, transnational solidarity was sacrificed in the rush to contain, suppress and hopefully eliminate COVID-19. This was the case across many countries that hastily moved to shut their borders to non-citizens, stop international student mobility, shut down airports and all but stop international trade and tourism.

Foreign market entry modes are the ways in which a company can expand its services into a non-domestic market. There are two major types of market entry modes: equity and non-equity. The non-equity modes category includes export and contractual agreements. The equity modes category includes joint ventures and wholly owned subsidiaries. Different entry modes differ in three crucial aspects:
